PROFESSIONAL SUMMARY

Fresher with hands-on experience in Python, SQL, Tableau, and Power BI through internships and academic projects. Skilled in data analysis, NLP, and dashboard development. Developed AI-powered Resume Screening and Housing Market Analysis projects using data-driven solutions. Seeking an entry-level opportunity to apply technical and problem-solving skills in a dynamic organization.

EDUCATION

B.Tech – Computer Science Engineering (2022 – 2026)

Sri Vasavi Institute of Engineering and Technology, Nandamuru

CGPA: 8.49/10

Intermediate (MPC) (2020 – 2022)

Sri Vagdevi Junior College, Bantumilli

Percentage: 79.3%

TECHNICAL SKILLS

Languages: Python

Data Analytics Tools: Tableau, Power BI, MS Excel

Libraries: Pandas, NumPy

Databases: SQL, PostgreSQL

Soft Skills: Communication Skills, Problem Solving, Team Collaboration, Time Management

INTERNSHIP EXPERIENCE

Data Engineering Virtual Intern – AWS Academy | Edu Skills | April 2024 – June 2024 |

- Designed ETL workflows using Python, SQL, and AWS for efficient data processing and management.
- Performed data cleaning, preprocessing, and validation to improve data quality and analytics accuracy.
- Worked on scalable data pipelines and workflow optimization to enhance storage and reporting performance.

Data Analytics Intern – Smart Bridge (Tableau) | Jul 2025 – Oct 2025 |

- Developed interactive Tableau dashboards for business data visualization and reporting.
- Analyzed and transformed datasets using SQL and Excel for accurate insights.
- Performed KPI and trend analysis to support data-driven decision-making and improve efficiency by 25%.

PROJECTS

AI-Powered Resume Screening System using NLP ([Project Link](#))

- Developed an AI-powered Resume Screening System using React.js, Node.js, PostgreSQL, Machine Learning, and NLP for automated candidate shortlisting and recruitment management.
- Implemented Admin, Recruiter, and Candidate modules with secure authentication, resume upload, job posting, application tracking, and dashboard analytics.
- Applied NLP techniques such as resume parsing, keyword extraction, TF-IDF, and skill matching for intelligent resume analysis and candidate ranking.
- Built an ATS-friendly resume scoring system using XG Boost, Random Forest, and SVM to improve hiring efficiency and reduce manual screening time.

Visualizing Housing Market Trends ([Project Link](#))

- Developed an interactive Housing Market Analysis Dashboard using Tableau to visualize sales trends, property insights, renovation status, and housing market performance.
- Performed data cleaning, preprocessing, and exploratory data analysis (EDA) to analyze house prices, house age, bedrooms, bathrooms, and sales distribution patterns.
- Created dynamic dashboards, KPI reports, and visual analytics to support data-driven decision-making and business intelligence reporting.
- Implemented interactive filters, charts, and trend forecasting techniques to identify market patterns and improve real-time business analysis.

CERTIFICATIONS ([View](#))

- Data Engineering Virtual Internship – AWS Academy | Edu Skills (2024)
- Data Analytics with Tableau – Smart Bridge (2025)
- Data Science Certification – BIST Technologies (2025)
